

SHAFIQ AHAMED S

Full Stack Developer | Frontend Engineer | MERN Stack

+91 99445 76876 | shafiqahamed0111@gmail.com | [LinkedIn](#) | [GitHub](#) | Tiruchirappalli, TN

PROFESSIONAL SUMMARY

B.Tech IT graduate with hands-on experience building full-stack web applications using MERN stack. Proficient in React, Tailwind CSS, REST APIs, and Node.js/Express backends. Published IEEE capstone project; completed Angela Yu Full Stack bootcamp; interned at a software company. Self-driven developer who ships production-ready code independently.

TECHNICAL SKILLS

Frontend: React.js, HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, Vite, Responsive Web Design

Backend & DB: Node.js, Express.js, FastAPI (Python), REST APIs, JWT Auth, MongoDB, Supabase (PostgreSQL)

Tools: Git, GitHub, VS Code, Postman, Figma (basic), Gemini Flash API, Whisper API, npm

PROJECTS

ATCRS — Ancient Tamil Character Recognition System

Jan 2025 – Apr 2025

React · Vite · TailwindCSS · FastAPI · PyTorch · Tesseract 5.0 · OpenCV | IEEE & IJRASET Published

- Built the React + Vite frontend with responsive UI for uploading Tamil script images, viewing OCR results, and exporting digitized text as PDF.
- Integrated FastAPI backend with 3 endpoints (/ocr, /ocr/palmleaf, /export/pdf); managed API state, error handling, and loading UX end-to-end.
- Published in IEEE conference proceedings; IJRASET journal paper submitted April 2026.

TaskFlow — Full Stack Task Manager

2024

React · Node.js · Express.js · MongoDB · TailwindCSS · JWT | github.com/shafiq-ahamed04

- Built a full-stack task manager with JWT authentication, CRUD operations, and a responsive React + TailwindCSS dashboard.
- Designed RESTful Express.js API with MongoDB/Mongoose and protected routes; deployed frontend on Vercel, backend on Render.

EXPERIENCE

Web Development Intern

Jun 2024 – Aug 2024

Codebind Technologies Pvt. Ltd., Tiruchirappalli

- Built and maintained web interfaces using HTML, CSS, JavaScript, and React; participated in code reviews, debugging, and feature development under senior developer guidance.

EDUCATION

B.Tech — Information Technology

2021 – 2025

M.I.E.T Engineering College, Tiruchirappalli | Anna University

Capstone: ATCRS (IEEE published) · Coursework: DSA, DBMS, OS, Computer Networks, OOP

CERTIFICATIONS

The Complete Web Development Bootcamp — Udemy, Dr. Angela Yu

2024

HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, React — Full Stack curriculum

ACHIEVEMENTS & STRENGTHS

- Published two research papers (IEEE + IJRASET) as lead student developer on an AI-powered web application capstone project.
- Self-taught MERN stack developer — built and deployed full-stack apps independently; integrates AI APIs (Gemini Flash, Whisper) to deliver modern user experiences.
